Welcome New Members!!

NEMA is very fortunate to have a **robust, diverse and growing membership**. Despite the challenges of the past year NEMA is stronger than ever due to the hard work, commitment and enthusiasm of our members.

Thank you to the members who have been with us for years (some, decades!) and a **very warm welcome** those who have joined us in just the last couple of months.

All of these new members can be found in the online directory if you'd like to reach out and welcome them personally. The NEMA leadership and staff look forward to getting to know each of you!

The thing I remember best about successful people I've met all through the years is their obvious delight in what they're doing and it seems to have very little to do with worldly success. They just love what they're doing, and they love it in front of others.
