

NEMA 2026 Mid -Year Forum | Washington, D.C.

Private Sector Committee Problem Solver Series

Private Sector Committee Problem Solver Series

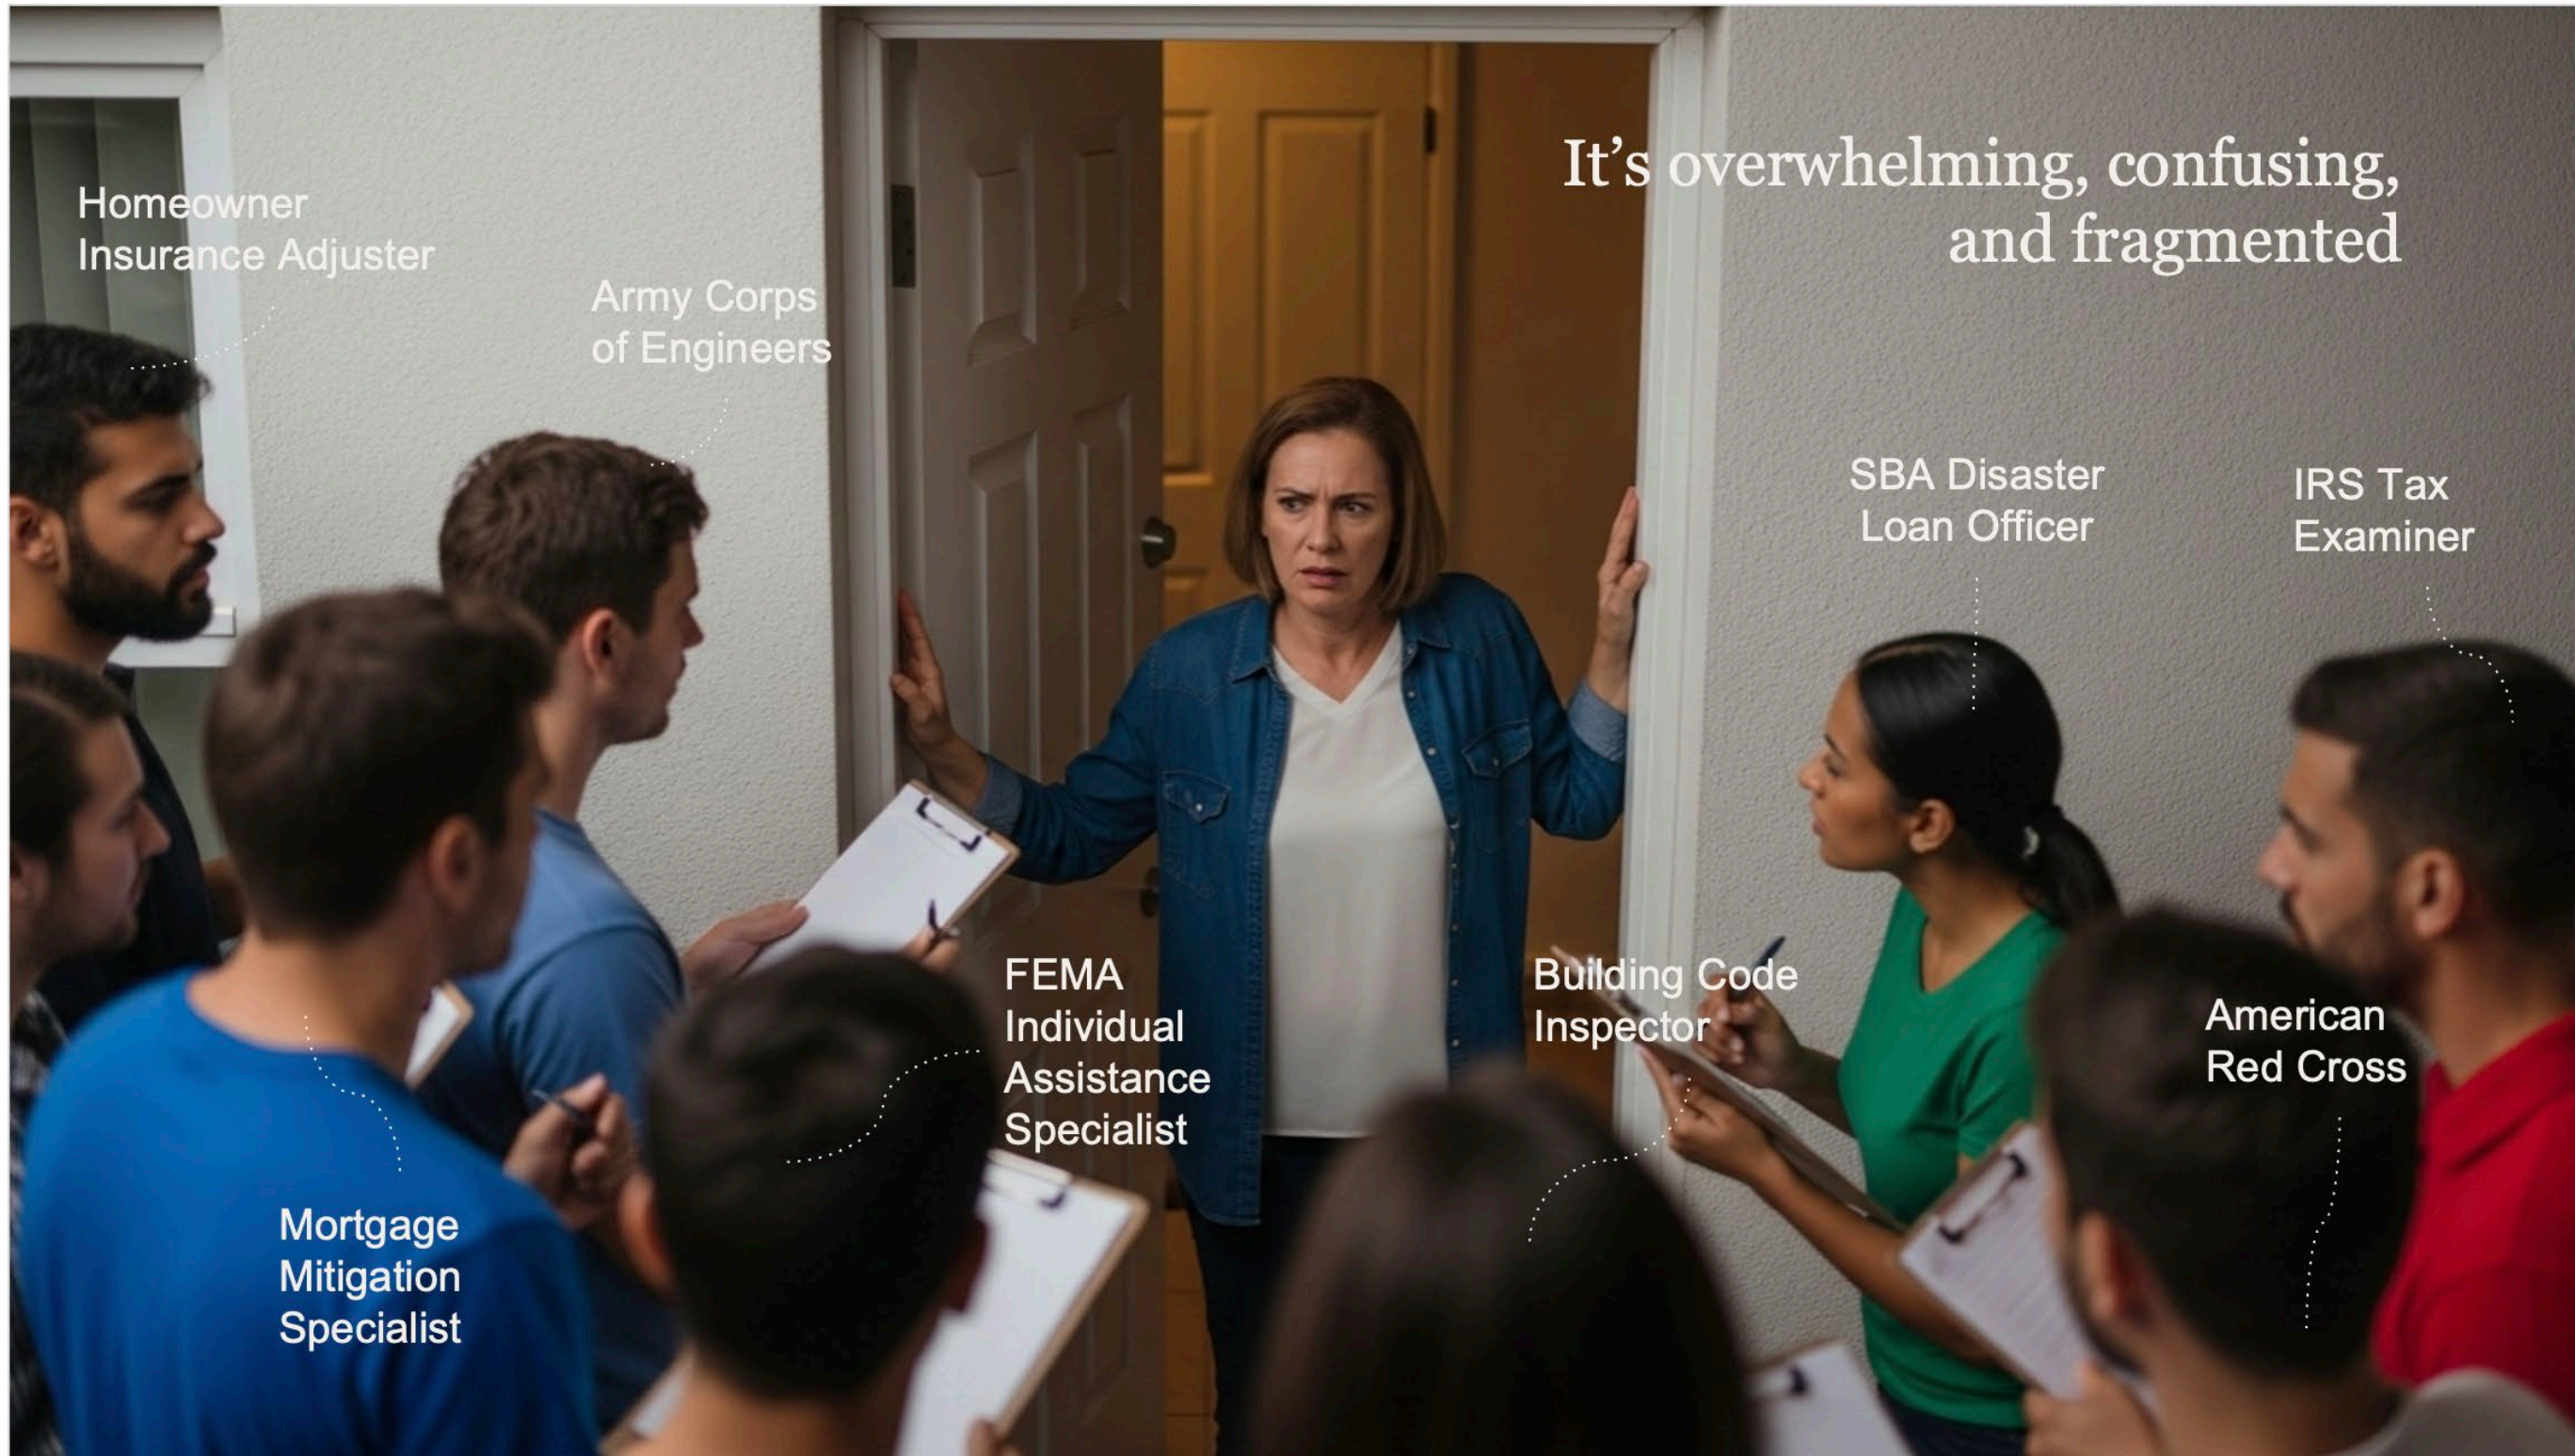

- In it Together- Designed to foster trusted, practitioner-to-practitioner dialogue.
- Focused on Real State Problems – Centered on a clearly defined challenge to explore lessons learned, decision considerations, risks, and key factors states should evaluate before taking action.
- Industry Knowledge Sharing – Sessions will emphasize practical insights, operational experience, and peer learning that participants can apply in their own jurisdictions.

First Topic- Developing Survivor- Focused Disaster Assistance Programs at the State Level

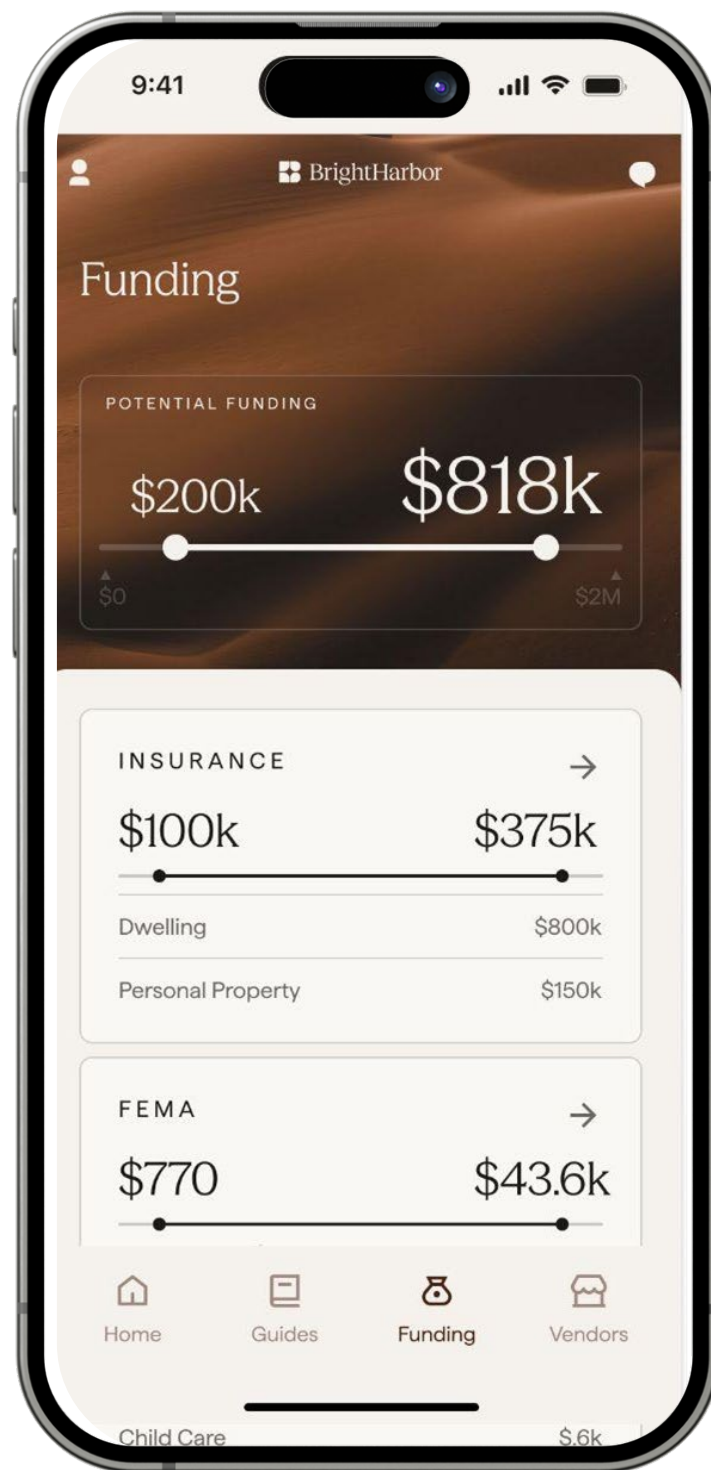

- Colt Hagmaier, Infrastructure Recovery Lead, AECOM
- Alexis Balde, Assistant Director, iParametrics
- Joel Wish, CEO, Bright Harbor
- Joe Delaney, Director of Government Solutions, Visa

State & Local Considerations

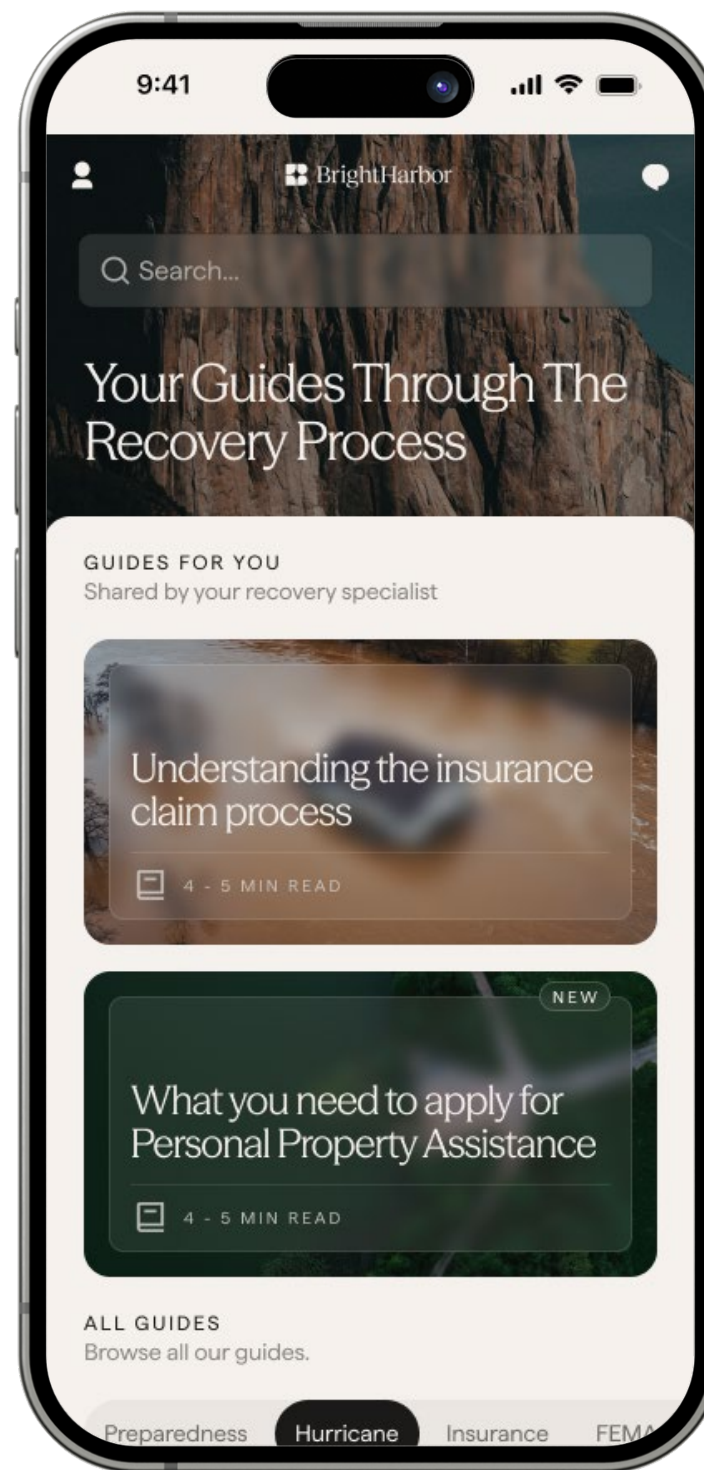

- ❖ State Plan for Disaster Case Management
- ❖ Non-Congregate Sheltering Plan
- ❖ Socially Vulnerable Communities Risk Assessment

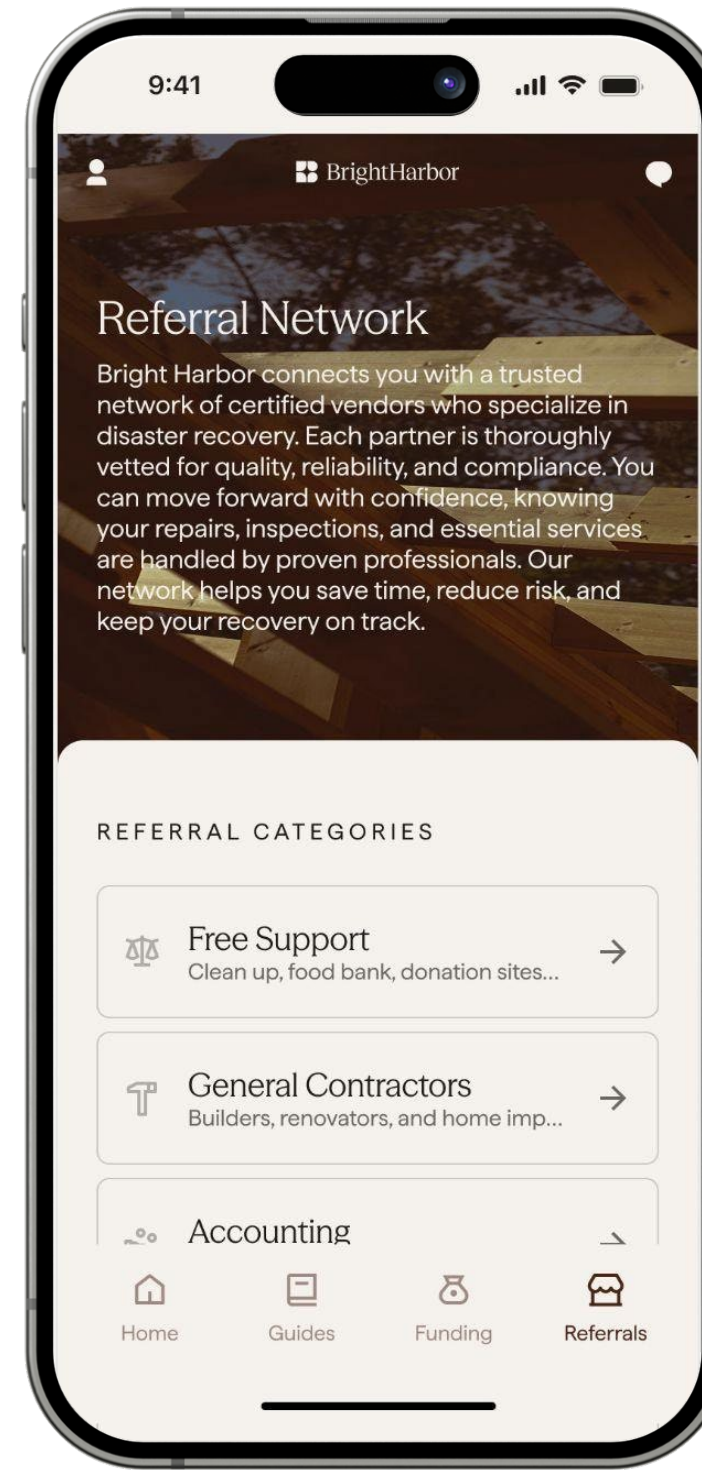

Streamlined survivor experience
